Amendment dated November 10, 2005
Reply to Office Action of June 15, 2005

Remarks

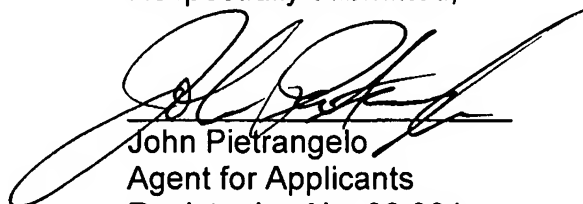

The Applicant respectfully requests entry of the above Amendment, and consideration of the application as amended.

By this Amendment, the Applicant has replaced as-filed Figures 3 and 6 with amended Figures 3 and 6 as proposed in the amendments file on April 21, 2005 and October 17, 2005. These drawing amendments were made in response to a request from the Patent Office in previous Office Actions. The Applicant also amended the specification and Figure 6 to correct an inadvertent duplication of reference numbers. No new matter was introduced. No claim amendments were made.

Claims 1, 16 -25, and 27-38 remain pending in this application.

The Applicant believes that the application is in allowable form. Early passage of the application to issue is earnestly solicited. Should any matters remain outstanding, it is requested that the undersigned Agent be given a call so that such matters may be worked out and the application placed in condition for allowance without the necessity of another Action.

Respectfully submitted,
